Correction of Error in CFR Reprint

EDITORIAL NOTE: The text of paragraph (iii) of section 8(a)(1) of Executive Order 10450 as reprinted in the Code of Federal Regulations (1953 Supplement and 1949-1953 Compilation) is corrected by deleting the phrase "financial irresponsibility" and transposing the conjunction "or" so that paragraph (iii) reads as follows:

(iii) Any criminal, infamous, dishonest, immoral, or notoriously disgraceful conduct, habitual use of intoxicants to excess, drug addiction, or sexual perversion.

It should be noted that the text of paragraph (iii) was published correctly in the FEDERAL REGISTER of April 29, 1953 (18 F.R. 2491).

“(e) Whenever the foregoing provisions of this section require an agency head to request the views of another agency head, such request shall be effected prior to the making of any commitment to local interests, and local interests shall be informed at the outset of negotiations that any plan resulting therefrom is subject to coordination as required by this section.

“(f) When any agency having responsibilities for water resources development is considering the initiation of surveys or field investigations in a water-

shed or subwatershed area of not more than 250,000 acres and it appears that the purposes to be served by the project under investigation could more advantageously be met by means of a combination of works of improvement under the statutory authority available to that and other agencies, the appropriate agency head shall consider with the other agency heads concerned and the cooperating local interests the feasibility of preparing a jointly developed plan for coordinated action under available statutory authority.

“Sec. 5. *Fish and wildlife development.* Upon receipt of the notice required by section 12 of the Act and section 3(a) (1) of this order, the Secretary of the Interior, as he desires, may make surveys and investigations and prepare a report with recommendations concerning the conservation and development of fish and wildlife resources and participate, under arrangements satisfactory to the Secretary of Agriculture, in the preparation of a plan for works of improvement which will be acceptable to the local organization and the Secretary of Agriculture.”

PROVIDING FOR AN EXPANDED PROGRAM OF FOOD DISTRIBUTION TO NEEDY FAMILIES

Whereas one of the most important and urgent problems confronting this Nation today is the development of a positive food and nutrition program for all Americans;

Whereas I have received the report of the Task Force on Area Redevelopment under the chairmanship of Senator Douglas, in which special emphasis is placed upon the need for additional food to supplement the diets of needy persons in areas of chronic unemployment;

Whereas I am also advised that there are now almost 7 million persons receiving some form of public assistance, that 4.5 million persons are reported as being unemployed and that a substantial number of needy persons are not recipients in the present food distribution program;

Whereas the variety of foods currently being made available is limited and its nutritional content inadequate; and

Whereas despite an abundance of food, farm income has been in a period of decline, and a strengthening of farm prices is desirable.

NOW, THEREFORE, by virtue of the authority vested in me as President of the United States, it is ordered as follows:

The Secretary of Agriculture shall take immediate steps to expand and improve the program of food distribution throughout the United States, utilizing funds and existing statutory authority available to him, including section 32 of the Act of August 24, 1935, as amended (7 U.S.C. 612), so as to make available for distribution, through appropriate State and local agencies, to all needy families a greater variety and quantity of food out of our agricultural abundance.

Executive Order 10915

AMENDING PRIOR EXECUTIVE ORDERS TO PROVIDE FOR THE RESPONSIBILITIES OF THE DIRECTOR OF THE FOOD-FOR-PEACE PROGRAM

Whereas American agricultural abundance offers a unique opportunity for the United States to promote the interests of peace in a significant way and to play an important role in helping to provide a more adequate diet for peoples around the world; and

Whereas exports of farm products are of great importance to the domestic economy, furnishing approximately 11 percent of total farm income; and

Whereas many government functions and activities relate to the movement overseas of agricultural products and commodities, and a number of government agencies have responsibilities in connection with these activities; and

Whereas it is of fundamental importance that we have a national food policy directed toward using our agricultural abundance as a national asset to meet foreign policy objectives.

NOW, THEREFORE, by virtue of the authority vested in me as President of the United States, it is ordered as follows:

SECTION 1. Executive Order No. 10900 of January 5, 1961 (26 F.R. 143), headed "Administration of the Agricultural Trade Development and Assistance Act of 1954, as amended," is hereby amended by renumbering sections 6 and 7 thereof as sections 7 and 8, respectively, and by inserting after section 5 the following new section 6:

"SEC. 6. *Director of the Food-for-Peace Program.* Subject to the direction of the President, the Director of the Food-for-Peace Program (provided for in a letter of the President bearing the same date as this order) shall be responsible for the continuous supervision and coordination of the functions hereinabove delegated or otherwise assigned to officers or agencies of the Government. The foregoing provisions of this section shall not be construed as terminating any delegation or other assignment of function made by other sections of this order."

SEC. 2. Executive Order No. 10893 of November 8, 1960 (25 F.R. 10731), headed "Administration of mutual security and related functions," is hereby amended by adding at the end of Part I thereof a new section 111, reading as follows:

SEC. 111. *Director of the Food-for-Peace Program.* Subject to the direction of the President, the Director of the Food-for-Peace Program shall be responsible for the continuous supervision and coordination of the functions under Section 402 of the Act (22 U.S.C. 1922). The foregoing provisions of this section shall not be construed as superseding any delegation or other assignment of function made by the Act or by other sections of this order."

Sec. 202. All executive departments and agencies are directed to initiate forthwith studies of current government employment practices within their responsibility. The studies shall be in such form as the Committee may prescribe and shall include statistics on current employment patterns, a review of current procedures, and the recommendation of positive measures for the elimination of any discrimination, direct or indirect, which now exists. Reports and recommendations shall be submitted to the Executive Vice Chairman of the Committee no later than sixty days from the effective date of this order, and the Committee, after considering such reports and recommendations, shall report to the President on the current situation and recommend positive measures to accomplish the objectives of this order.

Sec. 204. The President's Committee on Government Employment Policy, established by Executive Order No. 10590 of January 18, 1955 (20 F.R. 409), as amended by Executive Order No. 10722 of August 5, 1957 (22 F.R. 6287), is hereby abolished, and the powers, functions, and duties of that Committee are hereby transferred to, and henceforth shall be vested in, and exercised by, the President's Committee on Equal Employment Opportunity in addition to the powers conferred by this order.

PART III—OBLIGATIONS OF GOVERNMENT CONTRACTORS AND SUBCONTRACTORS

SUBPART A—CONTRACTORS' AGREEMENTS

SECTION 301. Except in contracts exempted in accordance with section 303 of this order, all government contracting agencies shall include in every government contract hereafter entered into the following provisions:

"In connection with the performance of work under this contract, the contractor agrees as follows:

"(1) The contractor will not discriminate against any employee or applicant

for employment because of race, creed, color, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, creed, color, or national origin. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this non-discrimination clause.

"(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, creed, color, or national origin.

"(3) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer, advising the said labor union or workers' representative of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

"(4) The contractor will comply with all provisions of Executive Order No. 10925 of March 6, 1961, and of the rules, regulations, and relevant orders of the President's Committee on Equal Employment Opportunity created thereby.

"(5) The contractor will furnish all information and reports required by Executive Order No. 10925 of March 6, 1961, and by the rules, regulations, and orders of the said Committee, or pursuant thereto, and will permit access to his books, records, and accounts by the contracting agency and the Committee for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

"(6) In the event of the contractor's non-compliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be cancelled in whole or in part and the contractor may

be declared ineligible for further government contracts in accordance with procedures authorized in Executive Order No. 10925 of March 6, 1961, and such other sanctions may be imposed and remedies invoked as provided in the said Executive order or by rule, regulation, or order of the President's Committee on Equal Employment Opportunity, or as otherwise provided by law.

"(7) The contractor will include the provisions of the foregoing paragraphs (1) through (6) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the President's Committee on Equal Employment Opportunity issued pursuant to section 303 of Executive Order No. 10925 of March 6, 1961, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the contracting agency may direct as a means of enforcing such provisions, including sanctions for non-compliance: *Provided, however*, that in the event the contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the contracting agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States."

SEC. 302. (a) Each contractor having a contract containing the provisions prescribed in section 301 shall file, and shall cause each of its subcontractors to file, Compliance Reports with the contracting agency, which will be subject to review by the Committee upon its request. Compliance Reports shall be filed within such times and shall contain such information as to the practices, policies, programs, and employment statistics of the contractor and each subcontractor, and shall be in such form, as the Committee may prescribe.

(b) Bidders or prospective contractors or subcontractors may be required to state whether they have participated in any previous contract subject to the provisions of this order, and in that event to submit, on behalf of themselves and their proposed subcontractors, Compliance Reports prior to or as an initial part of their bid or negotiation of a contract.

(c) Whenever the contractor or subcontractor has a collective bargaining agreement or other contract or under-

standing with a labor union or other representative of workers, the Compliance Report shall include such information as to the labor union's or other representative's practices and policies affecting compliance as the Committee may prescribe: *Provided*, that to the extent such information is within the exclusive possession of a labor union or other workers' representative and the labor union or representative shall refuse to furnish such information to the contractor, the contractor shall so certify to the contracting agency as part of its Compliance Report and shall set forth what efforts he has made to obtain such information.

(d) The Committee may direct that any bidder or prospective contractor or subcontractor shall submit, as part of his Compliance Report, a statement in writing, signed by an authorized officer or agent of any labor union or other workers' representative with which the bidder or prospective contractor deals, together with supporting information, to the effect that the said labor union's or representative's practices and policies do not discriminate on the grounds of race, color, creed, or national origin, and that the labor union or representative either will affirmatively cooperate, within the limits of his legal and contractual authority, in the implementation of the policy and provisions of this order or that it consents and agrees that recruitment, employment, and the terms and conditions of employment under the proposed contract shall be in accordance with the purposes and provisions of the order. In the event that the union or representative shall refuse to execute such a statement, the Compliance Report shall so certify and set forth what efforts have been made to secure such a statement.

SEC. 303. The Committee may, when it deems that special circumstances in the national interest so require, exempt a contracting agency from the requirement of including the provisions of section 301 of this order in any specific contract, subcontract, or purchase order. The Committee may, by rule or regulation, also exempt certain classes of contracts, subcontracts, or purchase orders (a) where work is to be or has been performed outside the United States and no recruitment of workers within the limits of the United States is involved; (b) for standard commercial supplies or raw materials; or (c) involving less than

specified amounts of money or specified numbers of workers.

SUBPART B—LABOR UNIONS AND REPRESENTATIVES OF WORKERS

SEC. 304. The Committee shall use its best efforts, directly and through contracting agencies, contractors, state and local officials and public and private agencies, and all other available instrumentalities, to cause any labor union, recruiting agency or other representative of workers who is or may be engaged in work under Government contracts to cooperate with, and to comply in the implementation of, the purposes of this order.

SEC. 305. The Committee may, to effectuate the purposes of section 304 of this order, hold hearings, public or private, with respect to the practices and policies of any such labor organization. It shall from time to time submit special reports to the President concerning discriminatory practices and policies of any such labor organization, and may recommend remedial action if, in its judgment, such action is necessary or appropriate. It may also notify any Federal, state, or local agency of its conclusions and recommendations with respect to any such labor organization which in its judgment has failed to cooperate with the Committee, contracting agencies, contractors, or subcontractors in carrying out the purposes of this order.

SUBPART C—POWERS AND DUTIES OF THE PRESIDENT'S COMMITTEE ON EQUAL EMPLOYMENT OPPORTUNITY AND OF CONTRACTING AGENCIES

SEC. 306. The Committee shall adopt such rules and regulations and issue such orders as it deems necessary and appropriate to achieve the purposes of this order, including the purposes of Part II hereof relating to discrimination in Government employment.

SEC. 307. Each contracting agency shall be primarily responsible for obtaining compliance with the rules, regulations, and orders of the Committee with respect to contracts entered into by such agency or its contractors, or affecting its own employment practices. All contracting agencies shall comply with the Committee's rules in discharging their primary responsibility for securing compliance with the provisions of contracts and otherwise with the terms of this Executive order and of the rules, regulations, and orders of the Committee

pursuant hereto. They are directed to cooperate with the Committee, and to furnish the Committee such information and assistance as it may require in the performance of its functions under this order. They are further directed to appoint or designate, from among the agency's personnel, compliance officers. It shall be the duty of such officers to seek compliance with the objectives of this order by conference, conciliation, mediation, or persuasion.

SEC. 308. The Committee is authorized to delegate to any officer, agency, or employee in the executive branch of the Government any function of the Committee under this order, except the authority to promulgate rules and regulations of a general nature.

SEC. 309. (a) The Committee may itself investigate the employment practices of any Government contractor or subcontractor, or initiate such investigation by the appropriate contracting agency or through the Secretary of Labor, to determine whether or not the contractual provisions specified in section 301 of this order have been violated. Such investigation shall be conducted in accordance with the procedures established by the Committee, and the investigating agency shall report to the Committee any action taken or recommended.

(b) The Committee may receive and cause to be investigated complaints by employees or prospective employees of a Government contractor or subcontractor which allege discrimination contrary to the contractual provisions specified in section 301 of this order. The appropriate contracting agency or the Secretary of Labor, as the case may be, shall report to the Committee what action has been taken or is recommended with regard to such complaints.

SEC. 310. (a) The Committee, or any agency or officer of the United States designated by rule, regulation, or order of the Committee, may hold such hearings, public or private, as the Committee may deem advisable for compliance, enforcement, or educational purposes.

(b) The Committee may hold, or cause to be held, hearings in accordance with subsection (a) of this section prior to imposing, ordering, or recommending the imposition of penalties and sanctions under this order, except that no order for debarment of any contractor from

further government contracts shall be made without a hearing.

SEC. 311. The Committee shall encourage the furtherance of an educational program by employer, labor, civic, educational, religious, and other non-governmental groups in order to eliminate or reduce the basic causes of discrimination in employment on the ground of race, creed, color, or national origin.

SUBPART D—SANCTIONS AND PENALTIES

SEC. 312. In accordance with such rules, regulations or orders as the Committee may issue or adopt, the Committee or the appropriate contracting agency may:

(a) Publish, or cause to be published, the names of contractors or unions which it has concluded have complied or have failed to comply with the provisions of this order or of the rules, regulations, and orders of the Committee.

(b) Recommend to the Department of Justice that, in cases where there is substantial or material violation or the threat of substantial or material violation of the contractual provisions set forth in section 301 of this order, appropriate proceedings be brought to enforce those provisions, including the enforcing, within the limitations of applicable law, of organizations, individuals or groups who prevent directly or indirectly, or seek to prevent directly or indirectly, compliance with the aforesaid provisions.

(c) Recommend to the Department of Justice that criminal proceedings be brought for the furnishing of false information to any contracting agency or to the Committee as the case may be.

(d) Terminate, or cause to be terminated, any contract, or any portion or portions thereof, for failure of the contractor or subcontractor to comply with the nondiscrimination provisions of the contract. Contracts may be terminated absolutely or continuance of contracts may be conditioned upon a program for future compliance approved by the contracting agency.

(e) Provide that any contracting agency shall refrain from entering into further contracts, or extensions or other modifications of existing contracts, with any non-complying contractor, until such contractor has satisfied the Committee that he has established and will carry out personnel and employment

policies in compliance with the provisions of this order.

(f) Under rules and regulations prescribed by the Committee, each contracting agency shall make reasonable efforts within a reasonable time limitation to secure compliance with the contract provisions of this order by methods of conference, conciliation, mediation, and persuasion before proceedings shall be instituted under paragraph (b) of this section, or before a contract shall be terminated in whole or in part under paragraph (d) of this section for failure of a contractor or subcontractor to comply with the contract provisions of this order.

Sec. 313. Any contracting agency taking any action authorized by this section, whether on its own motion, or as directed by the Committee, or under the Committee's rules and regulations, shall promptly notify the Committee of such action or reasons for not acting. Where the Committee itself makes a determination under this section, it shall promptly notify the appropriate contracting agency of the action recommended. The agency shall take such action and shall report the results thereof to the Committee within such time as the Committee shall provide.

Sec. 314. If the Committee shall so direct, contracting agencies shall not enter into contracts with any bidder or prospective contractor unless the bidder or prospective contractor has satisfactorily complied with the provisions of this order or submits a program for compliance acceptable to the Committee or, if the Committee so authorizes, to the contracting agency.

Sec. 315. Whenever a contracting agency terminates a contract, or whenever a contractor has been debarred from further Government contracts, because of noncompliance with the contractor provisions with regard to nondiscrimination, the Committee, or the contracting agency involved, shall promptly notify the Comptroller General of the United States.

SUBPART E—CERTIFICATES OF MERIT

Sec. 316. The Committee may provide for issuance of a United States Government Certificate of Merit to employers or employee organizations which are or may hereafter be engaged in work under Government contracts, if the Com-

mittee is satisfied that the personnel and employment practices of the employer, or that the personnel, training, apprenticeship, membership, grievance and representation, upgrading and other practices and policies of the employee organization, conform to the purposes and provisions of this order.

Sec. 317. Any Certificate of Merit may at any time be suspended or revoked by the Committee if the holder thereof, in the judgment of the Committee, has failed to comply with the provisions of this order.

Sec. 318. The Committee may provide for the exemption of any employer or employee organization from any requirement for furnishing information as to compliance if such employer or employee organization has been awarded a Certificate of Merit which has not been suspended or revoked.

PART IV—MISCELLANEOUS

SECTION 401. Each contracting agency (except the Department of Justice) shall defray such necessary expenses of the Committee as may be authorized by law, including section 214 of the Act of May 3, 1945, 59 Stat. 134 (31 U.S.C. 691): *Provided*, that no agency shall supply more than fifty per cent of the funds necessary to carry out the purposes of this order. Executive Order 10934

ESTABLISHING THE ADMINISTRATIVE CONFERENCE OF THE UNITED STATES

WHEREAS the performance of regulatory functions and related responsibilities for the determination of private rights, privileges, and obligations by executive departments and administrative agencies of the United States Government substantially affects large numbers of private individuals and many areas of economic and business activity; and

WHEREAS it is essential to the protection of private and public interests and to the sustained development of the national economy that Federal administrative procedures ensure maximum efficiency and fairness in the performance of these governmental functions; and

WHEREAS the steady expansion of the Federal administrative process during the past several years has been

attended by increasing concern over the efficiency and adequacy of department and agency procedures; and

WHEREAS the experience of the several groups which have examined Federal administrative procedures in recent years demonstrates that substantial progress in improving department and agency procedures can result from cooperative effort by the departments and agencies, working together with members of the practicing bar and other interested persons:

NOW, THEREFORE, by virtue of the authority vested in me as President of the United States, it is ordered as follows:

SECTION 1. *Establishment of the Conference.* There is hereby established a conference to be known as the Administrative Conference of the United States, which shall consist of a Council of eleven members named by the President, one of whom he shall designate to be Chairman of the Conference, and a general membership from Federal executive departments and administrative agencies, the practicing bar, and other persons specially informed by knowledge and experience with respect to Federal administrative procedures.

SEC. 2. *Purpose.* The purpose of the Conference shall be to assist the President, the Congress and the administrative agencies and executive departments in improving existing administrative procedures. To this end the Conference shall conduct studies of the efficiency, adequacy and fairness of procedures by which Federal executive departments and administrative agencies protect the public interest and determine the rights, privileges and obligations of private persons. The Conference shall from time to time report to the President any conclusions reached by its members based on such studies, together with suggestions for appropriate measures to improve the administrative process. The Conference shall make a Final Report to the President no later than December 31, 1962, summarizing its activities, evaluating the need for further studies of administrative procedures, and suggesting appropriate means to be employed for this purpose in the future.

SEC. 3. *Membership.* The composition of the general membership of the Conference shall be determined by the Coun-

¹ 26 F.R. 1699.

cil; provided that the total membership shall be not less than fifty persons, and at least a majority of the total membership shall be from Federal executive departments and administrative agencies, so distributed as to effect an appropriate representation among the several departments and agencies. General members from Government service shall be designated by the heads of their respective departments and agencies. Other general members shall be named by the Chairman with the approval of the Council from the practicing bar, scholars in the fields of administrative law and government, and other persons specially informed by knowledge and experience with respect to Federal administrative procedures. Members of the Conference who are not in Government service shall participate in the activities of the Conference solely as private individuals without official responsibility on behalf of the Government of the United States.

SEC. 4. Staff. The Attorney General of the United States is hereby authorized and directed to furnish to the Conference research and staff assistance from the Office of Administrative Procedure in the Department of Justice, through the Director of that Office and the Chairman of the Conference, and the Director of the Office of Administrative Procedure shall act as Executive Secretary of the Conference.

SEC. 5. Operation of the Conference. The Conference shall have authority to adopt bylaws and regulations not inconsistent with the provisions of this order for the conduct of its functions. Every member of the Conference will be expected to participate in all respects according to his own views, and not necessarily as a representative of any department or agency or other group from which he may have been chosen.

SEC. 6. Committees. Committees of the Conference shall be appointed by the Chairman, with the approval of the Council. Committees shall have authority to designate subcommittees from their own membership for the purposes of conducting studies and making reports to the full committees.

SEC. 7. Functions of the Council. The Council is hereby authorized to perform the following functions:

(a) To meet under the chairmanship and upon the call of the Chairman of the Conference.

(b) To determine the composition of the general membership of the Conference as provided in section 3 above.

(c) To make appropriate arrangements with the President of the Senate and the Speaker of the House of Representatives for participation in the activities of the Conference by interested committees of the Congress. Representatives of the Congress shall have the privilege of the floor of the Conference.

(d) To determine the time and place of plenary sessions of the Conference.

(e) To propose bylaws and regulations, including rules of procedure and committee organization, for adoption by the Conference.

(f) To propose to the Conference the matters concerning which the Conference and its committees shall conduct investigations and studies.

(g) To receive and consider reports of committees of the Conference and proposals adopted by the Conference, and to transmit them to the President together with the views of the Council concerning such matters.

SEC. 8. Cooperation of Federal agencies. All executive departments and administrative agencies of the Federal Government are authorized and directed to cooperate with the Conference and to furnish such information and assistance not inconsistent with law as may reasonably be required in the performance of its functions.

SEC. 9. Expenditures of the Conference. Each executive department and administrative agency which is represented by one or more members of the Conference named or designated as provided in section 3 of this order shall, as may be necessary for the purpose of effectuating the provisions of this order, furnish assistance to the Conference in accordance with section 214 of the act of May 3, 1945, 59 Stat. 134 (31 U.S.C. 691). Such assistance may include detaching employees to the Conference to perform such functions consistent with the purposes of this order as the Conference may assign to them.

Executive Order 10935**INSPECTION OF INCOME, EXCESS-PROFITS, ESTATE, AND GIFT TAX RETURNS BY THE COMMITTEE ON UN-AMERICAN ACTIVITIES, HOUSE OF REPRESENTATIVES**

By virtue of the authority vested in me by section 55(a) of the Internal Revenue Code of 1939, as amended (53 Stat. 29, 54 Stat. 1008; 26 U.S.C. 55(a)), and by section 6103(a) of the Internal Revenue Code of 1954 (68A Stat. 753; 26 U.S.C. 6103(a)), it is hereby ordered that any income, excess-profits, estate, or gift tax return for the years 1945 to 1961, inclusive, shall, during the Eighty-seventh Congress, be open to inspection by the Committee on Un-American Activities, House of Representatives, or any duly authorized subcommittee thereof, for the purpose of carrying on those investigations authorized by clause 18 of Rule XI of the Rules of the House of Representatives, agreed to January 3, 1961, such inspection to be in accordance and upon compliance with the rules and regulations prescribed by the Secretary of the Treasury in Treasury Decisions 6132¹ and 6133,² relating to the inspection of returns by committees of the Congress, approved by the President on May 3, 1955.

This order shall be effective upon its filing for publication in the **FEDERAL REGISTER**.

JOHN F. KENNEDY

THE WHITE HOUSE,
April 22, 1961.

Executive Order 10936**REPORTS OF IDENTICAL BIDS**

WHEREAS it is in the interest of the United States to obtain truly competitive bids in connection with its procurement and sale of property and services pursuant to public invitations for bids and the prevalence of identical bidding is harmful to the effective functioning of a system of competitive bids;

WHEREAS identical bidding may constitute evidence of the existence of conspiracies to monopolize or restrain trade or commerce; and

¹ 26 CFR, 301.6103(a)-101, 20 F.R. 3024; reissued in T.D. 6498, 25 F.R. 10154, Oct. 25, 1960.

² 20 F.R. 3023.

WHEREAS the collection and dissemination of information with regard to identical bids submitted to the Federal Government will discourage future submissions of such bids, aid in the enforcement of the antitrust laws and the maintenance of a competitive economy and serve to reduce the costs of the Government,

NOW, THEREFORE, by virtue of the authority vested in me by the Constitution and statutes, and as President of the United States, I hereby order and direct:

1. Whenever, in connection with a procurement of property or services exceeding \$10,000 in total amount and made pursuant to an advertisement or other public invitation for bids, a department, agency or instrumentality of the Government shall hereafter receive two or more bids

(a) which are identical as to unit price or total amount, or

(b) which, after giving effect to discounts and all other relevant factors, the department, agency or instrumentality shall consider to be identical as to unit price or total amount,

then such department, agency, or instrumentality shall make a report of the bid proceedings to the Attorney General not later than 20 days following the award. Whenever two or more bids of the nature described in clauses (a) and (b) hereof are received in bid proceedings which result for any reason in the rejection of all bids and the total value of the property or services bid upon is estimated by the department, agency or instrumentality to be in excess of \$10,000, it shall make a report of such proceedings to the Attorney General not later than 20 days following the rejection. Notwithstanding the preceding provisions of this section, a report shall not be made of bid proceedings in which only foreign sources have participated and in connection with which delivery and performance is to take place outside the United States.

2. The reports required by section 1 shall be in a form prescribed by the Attorney General and shall include the following information or such other information as he may prescribe:

(a) The name and location of the particular component of the department, agency or instrumentality which advertised for the bids;

(b) the amount and a description of the property or services for which bids

were solicited, and the proposed date of delivery or performance;

(c) the date of opening of the bids; and

(d) the names and addresses of all bidders and as to the bid of each:

(1) the unit price and terms of discount, if any, together with a notation of the point of origin specified by the bidder and a statement whether freight and any other costs of transportation to the point of delivery are included or excluded, and

(2) in the case of an accepted bid identical, or considered to be identical, as to unit price or total amount with another, the method by which selected.

3. Whenever, in connection with a sale of property for more than \$10,000 in total amount pursuant to an advertisement or other public invitation for bids, a department, agency or instrumentality of the Government shall receive two or more bids

(a) which are identical as to unit price or total amount, or

(b) which, after giving effect to all relevant factors, the department, agency or instrumentality shall consider to be identical as to unit price or total amount, then such department, agency or instrumentality shall make a report of the bid proceedings to the Attorney General not later than 20 days following the award to the purchaser. Whenever two or more bids of the nature described in clauses (a) and (b) hereof are received in bid proceedings which result for any reason in the rejection of all bids and the total sales value of the offered property is estimated by the department, agency or instrumentality to be in excess of \$10,000, it shall make a report of such proceedings to the Attorney General not later than 20 days following the rejection. The reports required by this section shall be in a form prescribed by the Attorney General and shall include information similar to that prescribed by section 2. Notwithstanding the preceding provisions of this section, a report shall not be made of bid proceedings in which only foreign sources have participated and in connection with which delivery and performance is to take place outside the United States.

4. The Attorney General is granted authority to establish reasonable exemptions and variations from the requirements of section 1 or of section 3 from time to time based upon his experience

in connection with this order, including authority to take the following actions:

(a) exclude any category of property or services from the reporting requirements of section 1 or of section 3; and

(b) increase or decrease the \$10,000 limit prescribed in section 1 or in section 3.

5. The Attorney General shall consult with the Secretary of Defense, the Administrator of General Services and the heads of such other departments, agencies and instrumentalities of the Government as he may deem advisable for the purpose of obtaining information in a feasible manner with regard to identical bidding in publicly advertised procurement and sale proceedings completed by these departments, agencies and instrumentalities during periods prior to the date of execution of this order. The Secretary of Defense, the Administrator of General Services and the other heads of departments, agencies or instrumentalities consulted by the Attorney General shall cause the submission of reports to him in respect of such categories of these proceedings and for such periods as may be agreed upon. The reports shall conform to the requirements of section 2.

6. The Attorney General shall formulate and put into effect procedures whereby State and local governments are invited to transmit reports to him of identical bids received by such governments similar to the reports required by sections 1, 3 and 5.

7. From time to time, as he shall find suitable, the Attorney General shall make a report to the President consolidating the information he has received pursuant to this order, and he shall transmit copies thereof to the President of the Senate and the Speaker of the House of Representatives. However, there shall be excluded from such report any information submitted by a department, agency or instrumentality of the Government which it has requested to be withheld for reasons of national security.

8. The principal purpose of this order is to make more effective the enforcement of the antitrust laws by insuring that the Attorney General has at his disposal all information which may tend to establish the presence of a conspiracy in restraint of trade and which may warrant further investigation with a view to preferring civil or criminal charges.

In exercising the discretionary authority granted under the provisions of this order, the Attorney General shall be mindful of this purpose and shall exercise such authority in a manner which insures that programs of reporting and analysis hereunder shall not by their magnitude interfere with his enforcement of those laws but instead shall contribute thereto. The heads of the departments, agencies and instrumentalities of the Government shall cooperate with and aid the Attorney General in analyzing the data reported to him and shall make available to him to the fullest extent possible any facilities they may have which would expedite that work. In particular, they should bring to his attention any further information which, in their judgment, may constitute additional evidence of collusion among Government contractors.

9. The heads of the departments, agencies and instrumentalities of the Government are directed to give particular attention to compliance with the provisions of 41 U.S.C. § 252(d) and 10 U.S.C. § 2305(d) requiring referral to the Attorney General of bids received in an advertised procurement proceeding which appear to them to evidence a violation of the antitrust laws. It is to be noted that the bids which must be referred to the Attorney General under those statutes as evidencing collusion include, although they are not limited to, identical bids. Nothing in this order shall be construed to mean that a report submitted hereunder to the Attorney General in connection with identical bids evidencing collusion in a procurement proceeding shall constitute a referral satisfying the requirements of those statutes or of the regulations issued pursuant thereto. Similarly, nothing in this order shall be construed to mean that a report submitted hereunder in connection with identical bids evidencing collusion in a sale proceeding shall satisfy the requirements of 40 U.S.C. § 488 in certain cases, or of the regulations issued pursuant to that statute, that specified information be supplied to the Attorney General for his use in considering the applicability of the antitrust laws to the sale.

Executive Order 10946

ESTABLISHING A PROGRAM FOR RESOLVING LABOR DISPUTES AT MISSILE AND SPACE SITES

WHEREAS a successful missile program is vital to our national security, and a successful space program is vital to the national interest, therefore uninterrupted and economical operations at missile and space sites are imperative; and

WHEREAS manufacturers, construction concerns and labor unions involved in the missile and space programs have pledged their cooperation in avoiding uneconomical operations and work stoppages at missile and space sites; and

WHEREAS the Government has the clear responsibility for encouraging such cooperation and providing a proper framework for its effective operation:

NOW THEREFORE, by virtue of the authority vested in me as President of the United States, it is ordered as follows:

SECTION 1. For the purpose of developing policies, procedures, and methods of adjustment for labor problems at missile and space sites, there is hereby established a Missile Sites Labor Commission composed of: the Secretary of Labor, hereby designated as Chairman; the Director of the Federal Mediation and Conciliation Service, hereby designated

⁵ 3 CFR, 1943-1948 Comp., p. 268.

⁶ 3 CFR, 1943-1948 Comp., p. 433.

⁷ 3 CFR, 1943-1948 Comp., p. 682.

as Vice-chairman; three representatives of the public, three representatives drawn from labor and three representatives drawn from management, as designated by the President.

Alternates may be designated by each member of the Commission.

In carrying out its duties the Commission shall consult fully with the Secretary of Defense, the Administrator of the National Aeronautics and Space Administration, and the Chairman and the General Counsel of the National Labor Relations Board, and such officers and the officers of other Government agencies concerned shall cooperate fully with the Commission.

The Commission is hereby empowered to employ an Executive Secretary and to delegate such powers to its Chairman, Vice-chairman and Executive Secretary as it may deem appropriate. Subject to the provisions of Section 9 of this order, the Commission may employ such staff as may be necessary and may incur other necessary expenditures.

SEC. 2. The Commission shall arrange for the establishment at each missile or space site of appropriate Missile Site Labor Relations Committees. Such Committees shall be composed of representatives of manufacturers and construction concerns, labor organizations, contracting agencies and a Mediator assigned by the Federal Mediation and Conciliation Service. These Committees will be so constituted and instructed as to take account of any necessary and appropriate distinctions in representational interests. It shall be the primary functions of such Committees to anticipate impending problems and to arrange for proper disposition of them prior to the time that such problems become acute, utilizing fully all voluntary settlement procedures already in existence, and encouraging establishment of adequate grievances and jurisdictional procedures where such procedures do not now exist, to the end of preventing any interruptions of efficient performance of work. The Commission will take such steps as are necessary to assure that labor organizations will assign appropriate international union representatives to missile sites on which their members are working for the purpose of obtaining the full cooperation of each such international union.

SEC. 3. The Commission shall establish procedures whereby it will be advised

of any labor relations problem at any missile or space site which it appears cannot be settled by the voluntary settlement procedures already in existence or by action instituted by the local Missile Site Labor Relations Committee. In such event the Commission shall establish such procedures as appear to it necessary and appropriate to produce a satisfactory settlement of such problem, relying in the first instance on presently established private or governmental procedures, including available legal proceedings, so far as these will be effective.

SEC. 4. The Commission is authorized to establish special panels, composed of members of the Commission or others (as designated by the Chairman of the Commission), to hold hearings in disputed matters over which the Commission has jurisdiction, to make findings of fact, to make recommendations for the settlement of such disputes, to obtain agreement for final and binding arbitration of such disputes, to mediate such disputes, to issue such directives and to take such other action as the Commission may direct. These panels will be so constituted as to take account of any necessary and appropriate distinctions in representational interests, and in the event of conflict between manufacturing and construction groups of either industry or labor the panel shall be composed of public members only.

SEC. 5. The Commission shall develop with the Federal contracting agencies and with the parties programs for obtaining, in collective bargaining contracts or other agreements or arrangements covering work at missile and space sites, the inclusion of effective commitments that there will be no lockouts or work stoppages at such sites, with adequate procedures being established for the expeditious resolution of grievances and labor problems at such sites.

SEC. 6. The Commission shall take such other action as will promote the policies of this order, and shall make recommendations to Government agencies, labor organizations or other authorized employee representatives and employers to assure efficient and economical completion of missile programs.

SEC. 7. Contracting agencies shall make appropriate assignments of labor relations representatives to each missile or space site on which they are operating and issue instructions and directives

to insure that the policies and purposes of this Order are fully understood and will be carried out by the persons responsible for the progress of work on a day-to-day basis.

SEC. 8. The National Labor Relations Board and the General Counsel of the Board are requested to establish accelerated procedures for dealing with matters at missile and space sites within the Board's jurisdiction, in accordance with law, and to make such assignment of personnel as is necessary to this end; provided that voluntary procedures for the adjustment of such matters shall continue to be used wherever available, appropriate and effective but the provisions of this Order shall not affect the authority of the Board under the National Labor Relations Act, as amended.

SEC. 9. The matter referred to in this Order is hereby found to constitute an emergency affecting the national interest within the meaning of the provisions appearing under the heading "Emergency Fund for the President—National Defense" in Title 1 of the General Government Matters Appropriation Act, 1961 (Public Law 86-642), approved July 12, 1960. During the fiscal year 1961 the expenditures of the Commission may be paid out of an allotment made by the President from the appropriation made under the aforesaid heading "Emergency Fund for the President—National Defense"; and during the fiscal year 1962, to the extent permitted by law, such expenditures may be similarly paid from any corresponding or like appropriation made available for such fiscal year. 1. Section 4 is amended—

(A) By substituting for the first paragraph thereof the following:

"Sec. 4. *Declassification, Downgrading, or Upgrading.* When classified information or material no longer requires its

present level of protection in the defense interest, it shall be downgraded or declassified in order to preserve the effectiveness and integrity of the classification system and to eliminate classifications of information or material which no longer require classification protection. Heads of departments or agencies originating classified information or material shall designate persons to be responsible for continuing review of such classified information or material on a document-by-document, category, project, program, or other systematic basis, for the purpose of declassifying or downgrading whenever national defense considerations permit, and for receiving requests for such review from all sources. However, Restricted Data and material formerly designated as Restricted Data shall be handled only in accordance with subparagraph 4(a)(1) below and section 13 of this order. The following special rules shall be observed with respect to changes of classification of defense information or material, including information or material heretofore classified:"

(B) By deleting paragraphs (a), (e), (g), (h), and (i) and inserting in lieu thereof the following:

"(a) *Automatic Changes.* In order to insure uniform procedures for automatic changes, heads of departments and agencies having authority for original classification of information or material, as set forth in section 2, shall categorize such classified information or material into the following groups:

"(1) *Group 1.* Information or material originated by foreign governments or international organizations and over which the United States Government has no jurisdiction, information or material provided for by statutes such as the Atomic Energy Act, and information or material requiring special handling, such as intelligence and cryptography. This information and material is excluded from automatic downgrading or declassification.

"(2) *Group 2.* Extremely sensitive information or material which the head of the agency or his designees exempt, on an individual basis, from automatic downgrading and declassification.

"(3) *Group 3.* Information or material which warrants some degree of classification for an indefinite period. Such information or material shall become automatically downgraded at 12-

year intervals until the lowest classification is reached, but shall not become automatically declassified.

"(4) *Group 4.* Information or material which does not qualify for, or is not assigned to, one of the first three groups. Such information or material shall become automatically downgraded at three-year intervals until the lowest classification is reached, and shall be automatically declassified twelve years after date of issuance.

"To the fullest extent practicable, the classifying authority shall indicate on the information or material at the time of original classification if it can be downgraded or declassified at an earlier date, or if it can be downgraded or declassified after a specified event, or upon the removal of classified attachments or enclosures. The heads, or their designees, of departments and agencies in possession of defense information or material classified pursuant to this order, but not bearing markings for automatic downgrading or declassification, are hereby authorized to mark or designate for automatic downgrading or declassification such information or material in accordance with the rules or regulations established by the department or agency that originally classified such information or material."

"(e) *Information or Material Transmitted by Electrical Means.* The downgrading or declassification of classified information or material transmitted by electrical means shall be accomplished in accordance with the procedures described above unless specifically prohibited by the originating department or agency. Unclassified information or material which is transmitted in encrypted form shall be safeguarded and handled in accordance with the regulations of the originating department or agency."

"(g) *Upgrading.* If the recipient of unclassified information or material believes that it should be classified, or if the recipient of classified information or material believes that its classification is not sufficiently protective, it shall be safeguarded in accordance with the classification deemed appropriate and a request made to the reviewing official, who may classify the information or material or upgrade the classification after obtaining the consent of the appropriate classifying authority. The date of this action shall constitute a new date of

origin insofar as the downgrading or declassification schedule (paragraph (a) above) is concerned."

"(h) *Departments and Agencies Which Do Not Have Authority for Original Classification.* The provisions of this section relating to the declassification of defense information or material shall apply to departments or agencies which do not, under the terms of this order, have authority for original classification of information or material, but which have formerly classified information or material pursuant to Executive Order No. 10290 of September 24, 1951."

"(i) *Notification of Change in Classification.* In all cases in which action is taken by the reviewing official to downgrade or declassify earlier than called for by the automatic downgrading-declassification stamp, the reviewing official shall promptly notify all addressees to whom the information or material was originally transmitted. Recipients of original information or material, upon receipt of notification of change in classification, shall notify addressees to whom they have transmitted the classified information or material."

2. Section 5 is amended—

(A) By adding a new paragraph (a) thereto, as follows:

"(a) *Downgrading-Declassification Markings.* At the time of origination, all classified information or material shall be marked to indicate the downgrading-declassification schedule to be followed in accordance with paragraph (a) of section 4 of this order."

(B) By relettering the present paragraphs (a) through (i) as (b) through (j), respectively.

3. Section 6 is amended—

(B) By deleting paragraphs (a) and (b) and by inserting in lieu thereof the following:

"(a) *Storage of Top Secret Information and Material.* As a minimum, Top Secret defense information and material shall be stored in a safe or safe-type steel file container having a three-position dial-type combination lock, and being of such weight, size, construction, or installation as to minimize the possibility of unauthorized access to, or the physical theft of, such information and material. The head of a department or agency may

approve other storage facilities which afford equal protection, such as an alarmed area, a vault, a vault-type room, or an area under continuous surveillance.

"(b) *Storage of Secret and Confidential Information and Material.* As a minimum, Secret and Confidential defense information and material may be stored in a manner authorized for Top Secret information and material, or in steel file cabinets equipped with steel lockbar and a changeable three-combination dial-type padlock or in other storage facilities which afford equal protection and which are authorized by the head of the department or agency.

"(c) *Storage or Protection Equipment.* Whenever new security storage equipment is procured, it should, to the maximum extent practicable, be of the type designated as security filing cabinets on the Federal Supply Schedule of the General Services Administration."

(C) By relettering the paragraphs (c) through (g) as (d) through (h), respectively.

4. Paragraphs (c) and (d) of section 8 are amended to read as follows:

"(c) *Transmitting Secret Information and Material.* Secret information and material shall be transmitted within and between the forty-eight contiguous States and the District of Columbia, or wholly within Alaska, Hawaii, the Commonwealth of Puerto Rico, or a United States possession, by one of the means established for Top Secret information and material, by authorized courier, by United States registered mail, or by the use of protective services provided by commercial carriers, air or surface, under such conditions as may be prescribed by the head of the department or agency concerned. Secret information and material may be transmitted outside those areas by one of the means established for Top Secret information and material, by commanders or masters of vessels of United States registry, or by the United States registered mail through Army, Navy, Air Force, or United States civil postal facilities: provided, that the information or material does not at any time pass out of United States Government control and does not pass through a foreign postal system. For the purposes of this section registered mail in the custody of a transporting agency of the United States Post Office is considered within United States Government control unless the transporting agent is

foreign controlled or operated. Secret information and material may, however, be transmitted between United States Government or Canadian Government installations, or both, in the forty-eight contiguous States, the District of Columbia, Alaska, and Canada by United States and Canadian registered mail with registered mail receipt. Secret information and material may also be transmitted over communications circuits in accordance with regulations promulgated for such purpose by the Secretary of Defense.

"(d) *Transmitting Confidential Information and Material.* Confidential information and material shall be transmitted within the forty-eight contiguous States and the District of Columbia, or wholly within Alaska, Hawaii, the Commonwealth of Puerto Rico, or a United States possession, by one of the means established for higher classifications, or by certified or first-class mail. Outside those areas Confidential information and material shall be transmitted in the same manner as authorized for higher classifications."

5. Section 13 is amended to read as follows:

"SEC. 13. *'Restricted Data,' Material Formerly Designated as 'Restricted Data,' Communications Intelligence and Cryptography.* (a) Nothing in this order shall supersede any requirements made by or under the Atomic Energy Act of August 30, 1954, as amended. 'Restricted Data,' and material formerly designated as 'Restricted Data,' shall be handled, protected, classified, downgraded, and declassified in conformity with the provisions of the Atomic Energy Act of 1954, as amended, and the regulations of the Atomic Energy Commission.

"(b) Nothing in this order shall prohibit any special requirements that the originating agency or other appropriate authority may impose as to communications intelligence, cryptography, and matters related thereto."

6. A new section 19 is added reading as follows:

"SEC. 19. *Unauthorized Disclosure by Government Personnel.* The head of each department and agency is directed to take prompt and stringent administrative action against any officer or employee of the United States, at any level of employment, determined to have been knowingly responsible for any release

or disclosure of classified defense information or material except in the manner authorized by this order, and where a violation of criminal statutes may be involved, to refer promptly to the Department of Justice any such case."

7. Sections 19 and 20 are renumbered as sections 20 and 21, respectively.
